

Information

This Walk and Cycle leaflet for Wirral covers the north eastern quarter and is one of a series of four leaflets each consisting of three walks and one cycle route.

I have recently updated all 12 walks based on previous suggested routes, so thanks to my predecessors for their hard work in earlier years.

The four cycle routes have been developed by our Cycling Officer Amanda Keenan.

Information for wheelchair users

Wheelchair users and people with access difficulties should note that most of the Country Parks listed below have suitable paths and facilities. The routes on this leaflet are primarily rural paths and access can be difficult in places, albeit some 'Access for all' routes are currently being planned.

'Adopt' a path

Adopt a Path and The Local Paths Partnerships are old schemes that I consider have scope for development. I therefore recently formed a Path Clearance Co-ordination Group, made up of user groups and individuals who can 'adopt' certain paths, bridleways and cycle tracks to help maintain the network by doing anything from providing information to arranging path clearance days. If you are interested in helping please let me know.

When using multi purpose routes, please give consideration to all users. Please be considerate to others and read the Countryside Code and Cycle Safety information on this leaflet.

On behalf of Wirral Council may I wish you a pleasant and enjoyable time walking and cycling the Wirral Countryside.
