experience the essence of group travel

COME ABOARD FOR THE GREATEST GROUP DAYS OUT...

For every kind of group, great days out begin on the banks of the Mersey - with more reasons to visit than ever before. From the moment they arrive and the whole day through there's more to see, more to do and more to enjoy on an unforgettable trip. With so much to please everyone, no wonder it's such a popular choice for groups. For tour organisers, this is the place that has all the 'must go' factors... and everything is linked by our famous Ferry 'cross the Mersey.

Read on for lots of ideas to make this your most successful destination in 2012.

Mersey Ferries sail to wider horizons

We can take your group a lot further than you might think. Our River Explorer Cruises give a unique view of Liverpool and Wirral, while our Manchester Ship Canal Cruises take the scenic route right into the heart of Manchester.

Liverpool. A world class city of culture and fun

Liverpool is putting on a whole new look with its historic waterfront legacy just a short walk away from the shopping paradise of the smart new Liverpool One centre.

Plus, all the attractions that make this famous city such a tourist magnet for visitors from all over the world - lots of lively streets to explore with a wealth of galleries, museums, bars and restaurants.

Wirral. A wonderfully different contrast

Over on the other side of the river, Wirral offers a complete contrast to all that urban excitement.

Famed for its natural beauty, it's where visitors flock to the landscaped acres of Ness Botanic gardens, and the picturesque delights of Port Sunlight garden village. And, where they discover surprises like the unique U-boat Story experience.

You are our most welcome visitor

To support organisers and the travel trade, we've organised a lot more. More investment, more facilities, more initiatives - more of everything you could ask for. Including sample itineraries, group offers, a booking service and passenger voucher schemes. Easy to get to, Liverpool and Wirral is now even easier to enjoy.

Coach-friendly Woodside

Our coach-friendly terminal at Woodside, with free parking, is a new and much better way to make coach travel to Wirral and Liverpool simple - avoiding the main routes into the city, and making it a more relaxing trip for coach drivers and their passengers.

Right now, we're working closely with the CPT - Confederation of Passenger Transport (trade association for the coach industry) to become an even better coach-friendly destination.

CRUISING, EXPLORING... AND LOVING EVERY MINUTE

Let your group step off the coach, then step right on board for a totally different day out that just gets more and more exciting.

○ River Explorer Cruise

The River Explorer Cruise departs regularly from the three ferry terminals of Woodside and Seacombe on the Wirral side of the river, and also from Liverpool's Pier Head. Lasting fifty minutes, this is the best way to enjoy the river views on a mini pleasure voyage combining history and heritage. A return ticket allows passengers to take a break from the journey to enjoy an exciting range of tourist attractions on shore. Call 0151 330 1444 or email info@merseyferries.co.uk

○ Manchester Ship Canal Cruise

Cruises depart from Woodside and Seacombe, Wirral – and also from the National Waterways Museum in Ellesmere Port. There is a licensed bar on board serving refreshments and snacks and most cruises provide for a two-and-a-half hour stopover before the return by bus. Alternatively, your group could take the cruise in the opposite direction and depart from Salford Quays. Call 0151 330 1444 or email info@merseyferries.co.uk

San Francisco has its cable cars, New York has its Yellow Cabs... and Liverpool has its **Mersey Ferries**.

A unique way for groups to get around and see all the sights and spectacular panoramas of one of the world's greatest rivers – from the big city's stunning skylines, to the beautiful shorelines of Wirral.

Your group can even venture in the wake of the 19th century ships that sailed proudly up the Ship Canal with cargoes of cotton for the mills of Manchester at the climax of the Industrial Revolution.

Steer your group to the **River Explorer Cruise** and they will be spellbound by the breathtaking views of Liverpool and Wirral, seen from where the Mersey meets the sea*.

The experienced voice of **Mersey Ferries** gives a full running commentary – pointing out the landmarks and wildlife, telling old yarns of smuggling and war... and new stories of the rising excitement on both sides of the river.

Setting a different course, your group could head inland on the leisurely **Manchester Ship Canal Cruise**, which has proved a hugely popular success with groups.

Through a landscape that has changed little in the 100 years since the canal opened, the journey wends its way from our Wirral terminals and lasts six hours or five sailing from the National Waterways Museum, Ellesmere Port.

So, **Mersey Ferries** takes your group through locks and under bridges, sailing past sites of unspoilt natural beauty, and seeing the rich legacy of Victorian architecture and engineering masterpieces.

All the while, listening to a lively commentary relating the story of how this waterway shaped the history of the North West.

On arrival at Salford Quays we sail past the futuristic Media City, home of the BBC, and berth at central bay.

Then your group goes ashore to explore a wealth of attractions including the Lowry, the Imperial War Museum, and the shopping wonderland of the Lowry Outlet Mall. In fact, you could even take a different tack – and let your group begin their cruise here and head west to Wirral ☑

Day after day, Mersey Ferries are kept busy bringing people to Wirral – and it's easy to see why they want to come...

...here on the opposite bank of the river from Liverpool is a different world, so just look at what your group will find.

Gardens are an evergreen favourite for day trips, and **Ness Botanic Gardens** are among the most beautiful in Britain. Created over a century ago, the gardens have wonderful collections of rare flowers and plants from exotic locations, flourishing in the shelter of Lombardy Poplars, Holm Oaks, Scots Pines and Italian Alder.

Moving on from the perfection of nature, where can you take groups on a visit to the perfect place to live? Right here in Wirral at **Port Sunlight**, an idyllic garden village planned and built in the 19TH century by the philanthropist William Hesketh Lever for his Sunlight Soap factory workers.
